

**Aircraft Mechanic/ Technician
Full-Time, Guam**

Come join Asia Pacific Airlines- an all-freight, all-jet airline based in Guam and a wholly owned subsidiary of Tan Holdings Corporation!

Job Summary:

Perform the maintenance, preventative maintenance and alterations that a certified technician is authorized to perform. The individual may also observe the aforementioned work being done to ensure that it is being done properly and provide consultation as needed. There will be occasions when Asia Pacific Airlines will assign an Aircraft Mechanic to fly with the aircraft.

Essential Responsibilities and Duties:

- Periodic aircraft service checks;
- Dismantling, overhauling, repairing, fabricating, assembling, welding, painting and erecting all parts of the aircraft, aircraft engines, radio equipment, instruments, electrical systems, heating and cooling systems, hydraulic systems and machine tool work in connection with aircraft maintenance and general building maintenance and machine tool work;
- Maintain their work area in a neat, clean and safe condition at all times;
- Adhere to all applicable Federal Regulations, Company Policies, Procedures and Manuals;
- Report any perceived or observed safety hazard or safety related event; and
- Comply with or address whatever directives set forth by Management personnel.

Requirements & Qualifications:

- Must hold an appropriate (valid) Airframe and Powerplant Certificate
- Airworthiness Release
- Qualified to perform Fuel Audits

Benefits: Full-Time, Medical & Dental Insurance, Vacation, Holiday Pay, 401K

Asia Pacific Airlines is an equal employment opportunity employer. Qualified applicants are considered without regard to race, color, religion, sex, national origin, age, disability or other characteristics protected by law.

Selected Applicants will be required to submit documentation that proves their identity and work eligibility in the U.S. (i.e. Employment Eligibility Verification Form, Form I-9).

No relocation benefits associated with this position
